

**CF-2068B 冷熱圓領機**

**Cold and Hot Round Collar Machinery**

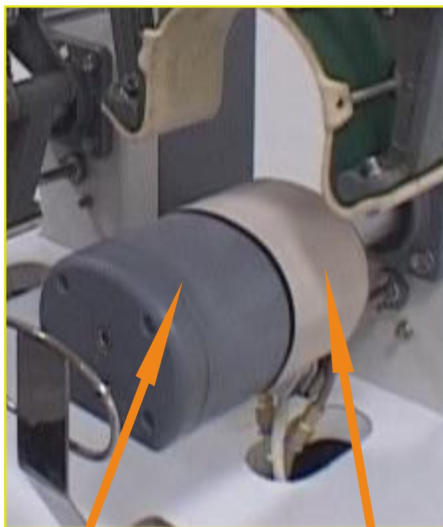

**特點 FEATURES**

冷熱圓領機是襯衫後道熨燙的必備設備，本機在原單頭單熱基礎上改造成直綫冷熱一次成型，經本機整燙後的衣領成型更加美觀定型。

驅動方式，空電式全自動，電加熱溫度及熨燙時間用戶需要可自設定控制，配備獨立冷卻系統，工作臺上裝有緊急復位按鈕，以防意外。

The machine is indispensable for the finishing procedure of a shirt, whose collar will look nice and smart after being ironed with the machine, reconstructed into a linear cold and hot device on the basis of a single headed thermal device. Compressed-air pressurizing and fully automatic, Temperature and ironing time adjustable, with a separate cooling system provided and for safety's sake, an emergency resetting button is devised on the working top.
