

CF-8130 自動恤衫領型袖口壓燙機
Collar and Sleeve Ironing Machinery

特點 FEATURES

用于領型袖口定型，直立式設計，結構簡單，極大提高了壓力效率。
全機採用微電腦可編程邏輯控制器（PLC）控制。新進輕觸式螢幕控制板，清晰簡潔，操作方便。可準確調較壓力及溫度，實現所需的壓燙效果。備有三個獨立數控電子溫度掣，控制溫度精確；雙手操作開關掣設計，確保使用安全。

For lead-based stereotypes cuffs ,vertical design,simple structure,have greatly improved pressure efficiency;
Using microcomputer-wide programmable logic controller (PLC)control;
Into the whole touch-screen control panel ,clear and concise, easy to operate;
Accurately adjust the pressure and temperature,the pressure to achieve the desired effect of iron;
With three separate digital electronic engine temperature , precise temperature control;
Hand to operate switch engines designed to ensure that the use of safety.
