

CF-8183 全自動側袖折熨機
Sleeve Arrow Folding and Ironing Machine

特點 FEATURES

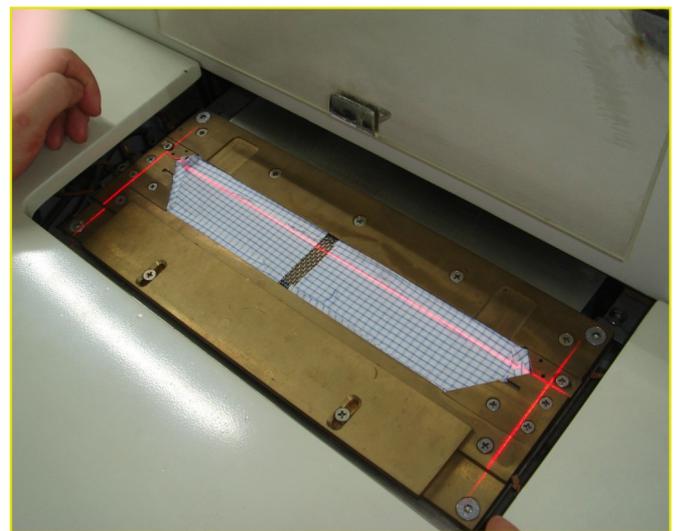

本機適用於袖側筒摺熨。採用鐳射光線輔助對齊定位，使各種花紋布料摺熨效果更加美觀，具備自動收料疊放功能，有效提高工作效率。人性化觸摸屏對話界面，可選擇不同的操作程序配合不同的壓熨需求，使操作更易上手。

本機更換下模簡便快捷，可裝配不同尺碼的側袖成型模。出廠時配備可摺側袖寬度為1英寸的側袖成型模，可根據客戶需要訂造摺熨側袖寬度16至35mm的側袖成型模。

The machine is suitable for the sleeve arrow folding and ironing, by using laser light auxiliary alignment positioning to achieve more beautiful folding effect of all sorts of pattern fabrics, with the automatic feeding and discharging function, which effectively improves the work efficiency. The user-friendly touch screen dialogue interface enables different operating procedure to match with the different pressing and ironing demand, which makes the operation simple. It is convenient and fast to change the upper mould of the machine, equipped with side sleeve sizing moulds with different dimensions. When delivered by the factory, it is equipped with side sleeve sizing mould for 1 inch width of foldable side sleeve and we can offer the customized side sleeve sizing mould for 16-35 inch width of foldable side sleeve according to customer's need.
