

CF-3150 冷熱轉臺三頭粘合壓平機

Table three hot and cold head adhesive pressing machine

CF-3150
粘系列
Fusing

特點 FEATURES

本粘機採用了最新的氣液轉換技術，既擁有氣壓式粘機清潔無油污的特點，又擁有液壓式粘機強大的壓力。

冷熱式雙壓系統，使粘物快速定型，效果完美。

PLC觸摸屏控制系統，整合了溫度控制、時間調節等功能，使操作更為簡單。

The fusing machine adopts the latest gas-liquid conversion technology, not only with the clean and oil-pollution-free characteristics of pneumatic fusing machine, but the powerful pressure of hydraulic fusing machine.

The cool and hot double-pressing system makes the adhesion finalize the sizing quickly with perfect effect.

PLC touch screen control system integrates such functions as temperature control and time adjustment to make the operation simple.

氣液增壓系統

Hydraulic and pneumatic increasing press system

冷水機

Cold water machine

放料臺

Feeding table

型號	電源電壓	功率	常用壓力	壓縮空氣耗量	下模尺寸	加熱方式	淨重	尺碼
Model	Voltage	Power	Air pressure	Air consumption	Fusing range	Heating method	Net weight	Dimensions
CF-3150	380V ± 5%	12Kw	0.6Mpa	208L/min	1000x500mm	電氣式 Electrical	1350Kg	2510x2400x1555mm
